

Why do people come here ?

People come here for different reasons.

One group of **people who come here are those who have left, or are considering leaving, the mainline Churches**. They are dissatisfied with what they are being taught in “Church”. They see inconsistencies between doctrine and the Bible. They are searching for answers, and are frustrated with the answers they are given.

Another group are **those just hungry for more of YHWH's truth**. They are starving really. They know there is more, and are searching for something, but aren't really sure what it is. They have questions, but often don't know where to find the answers.

Still another group are **those who are interested in finding out more about their Hebrew roots**. They feel an attraction for the nation of Israel, and want to investigate why that is.

Serious Bible students and independent Bible researchers form another group. They are interested in the Bible, and are searching for ways to explore the authentic meaning of the Scriptures.

What ever is the reason for you being here, please feel welcome, and make yourself at home !
